 RE: Updated Street Resurfacing Costs

Purpose: This memorandum's purpose is to provide updated street resurfacing costs.

Background: Previously, the Town Council considered street resurfacing costs for several projects and had concerns that 1.5 inches of asphalt was insufficient for Highland Drive due to a local resident having a nearby large commercial vehicle. As a result, the Council sought a cost estimate for adding an additional ½ inch of asphalt.

Updated Costs: Adding an additional ½ inch of asphalt to Highland Drive will cost an additional **\$19,555**.

	<u>Original Cost</u>			<u>Updated Costs</u>
